The Kooyong is a 60-square-metre contemporary double-storey family home designed to inspire homebuyers seeking luxury, with its concepts scaled and customised to suit an individual client's site, lifestyle and budget. The open-plan living, dining and kitchen zone embraces a large outdoor room for dining and entertainment, connecting via a bifold glass wall. There's a highly functional second kitchen tucked behind the main culinary showcase and a large study concealed in the living space. Upstairs, the grand master suite is wrapped on two sides by a private terrace, and is conveniently separated by a large leisure space from three generously proportioned family bedrooms.
